Keystone Heights was established in 1923 by the Lawrence Developing Company. Its owner, J. J. Lawrence, was from Pittsburg, Pennsylvania. The town was to be a vacation spot and health benefits from recreational opportunities, climate and clean water were highly emphasized in sales brochures. Keystone Heights was on the Chatauqua RR Circuit. Citrus and pecan trees were also touted as good investment possibilities. Frank Walrath, a cousin, was head of sales for the development company.

The town was laid out in 1923 by an unrelated C. Ray Lawrence, also from Pennsylvania, who was a retired civil engineer. Streets and alleys as planned then, exist today.

Keystone's earliest homes, including that of J. J. Lawrence, are thought to be mail order catalogue homes. Some evidence exists in the form of handwritten labels and model numbers on framing. The homes in this tour are from the first building period (1921-1929). Initial development stopped when the stock market fell.
